The Hudson River is one of New York

State's most valuable

treasures, and the valley that surrounds it is home to some of the most significant historic, cultural and natural resources in the country. The Hudson River Valley Ramble attracts residents and visitors alike to experience these resources, helping to drive our tourism economy. The many organizations who contribute to the Ramble's success have a greater impact by working together, each one providing amazing experiences year after year that will be remembered for a lifetime."

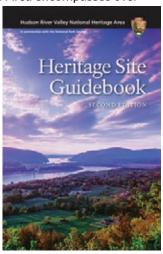

raveling down the Hudson River, named by Native Americans as "the river that flows both ways," you discover people, places, and events that made American history. The cultural, historic, and scenic resources of the Hudson Valley are so numerous, so varied, and so compelling that it's no wonder Congress recognized the Hudson River Valley as a National Heritage Area in 1996. The National Park Service called the region the "landscape that defined America." Its political importance was demonstrated early in our history when the river played a critical role in the Revolutionary War.

The many streams and waterfalls of the tributaries of the Hudson River powered early sawmills and gristmills. The river and its landscapes inspired the Hudson River School painters. Sublime and picturesque paintings by Thomas Cole, Frederic Church, and Asher Durand depicted this unique American landscape for the world to witness. Industrialists and commercial leaders like William and John D. Rockefeller, Frederick Vanderbilt, J.P. Morgan, and Ogden Mills built their great estates along the Hudson River.

Extending from Waterford, just north of Albany, to the northern border of New York City, the Hudson River Valley National Heritage Area encompasses over

4 million acres. The region is home to seven
National Historic Sites, 66 National Historic
Landmarks, 128 historic districts, and over 1,000
sites listed on the National Register of Historic
Places. The Hudson River Valley National Heritage
Area is managed by the Hudson River Valley
Greenway with technical and financial support
from the National Park Service.

Hudson River Valley Ramble

he Hudson River Valley Ramble celebrates the history, culture, and natural resources of the Hudson River Valley National Heritage Area, as well as the amazing landscapes, communities, and trails throughout the region. Throughout the month of September, the Ramble features guided outdoor adventures from Saratoga to New York City. In 2017, more than 92,000 people attended Ramble events. Whether you are interested in a challenging hike, bike ride, or paddle; an inspiring walk through the grounds and homes of some of the Valley's most notable artists, authors, and great Americans; a trip back in time to experience the significant role the region played in the Revolutionary War; or a family-fun festival or river exploration event, the Hudson River Valley Ramble truly offers something for everyone!

The Hudson River Estuary

Iona Island Educational Canoe Trip, Rockland County.

or nearly half its 315-mile length, the Hudson River is an estuary, an arm of the sea where fresh water from the river's Adirondack headwaters and numerous tributaries meets and mixes with salty ocean water. From the dam at Troy, the Hudson River estuary ebbs and flows for 153 miles to New York Harbor, creating a rich ecosystem pulsing with life. Its waters and tidal marshes provide habitat for more than 200 species of fish, and nursery areas for key commercial and recreational species including striped bass, American shad, bluefish, and blue crab. Bald eagles, herons, and waterfowl feed on the Hudson's bounty while nesting and migrating. Protected by surrounding forest lands, the streams of the estuary's watershed supply drinking water to millions. The Ramble features estuary-themed events sponsored by the NYS Department of Environmental Conservation's Hudson River Estuary Program and partners, which are denoted by the Atlantic sturgeon symbol:

STATE DEPARTMENT OF ENVIRONMENTAL CONSERVATION (DEC) COMMISSIONER Basil Seggos

look forward to all year long and DEC is a proud partner in the Ramble. The Hudson Valley has some of the state's best outdoor recreational opportunities, spectacular natural habitats, and wildlife. Directed by Governor Cuomo, New York State is making big investments in safeguarding these natural habitats while improving access to state lands and forests. DEC is once again proud to highlight the Hudson Valley region for residents and visitors to enjoy."

The Estuary Program leads a regional effort to ensure clean water, protect and restore fish, wildlife, and their habitats; provide education and river access; adapt to climate change; and conserve world-famous scenic views. The program is guided by the Estuary Action Agenda, a forwardlooking plan developed with input from communities up and down the river. The Action Agenda's success comes from partnerships with several agencies, local governments, and regional organizations. For information on the Hudson River estuary, the Estuary Program, and how to partner in this conservation effort, visit: www.dec.ny.gov/lands/4920.html.

HUDSON RIVER ESTUARY THEMED SERIES

In celebration of National Estuaries Week, the Hudson River Valley Ramble highlights the wetlands, wildlife, and water resources that make the Hudson a world-famous estuary. The New York State Department of Environmental Conservation's Hudson River Estuary Program and partners present a series of land and water explorations that will open your eyes to the wonders of "the river that flows both ways." Estuary events are marked with the sturgeon icon: Look for the many ways you can explore the Hudson River estuary during the Ramble. Experience the Hudson River estuary up close through boating and paddling events, learning about life along the shore and in the marshes, and exploring the far reaches of the Hudson River estuary watershed.

NATIONAL ESTUARIES WEEK SEPTEMBER 15-22, 2018

Each year in late September, people across the country celebrate these magical places where fresh water from rivers mixes with salt water from the ocean. Estuaries connect rivers and oceans and are used as spawning grounds and nurseries by at least two-thirds of the nation's commercial fish and shellfish. Tidal wetlands associated with estuaries protect uplands from coastal flooding and provide habitats for migratory birds. Estuaries also offer recreational opportunities such as swimming, boating, and bird watching. To learn more, go to www.estuaries.org.

NORRIE POINT FISH AND CANOE SATURDAY, SEPTEMBER 9, 2018

A DAY IN THE LIFE OF THE HUDSON RIVER AND HARBOR, OCTOBER 16, 2018

A Day in the Life of the Hudson River Estuary brings schools to the river to celebrate the Hudson and educate participants about our unique estuary. Part of National Estuaries Day, the event is coordinated by the Hudson River Estuary Program in partnership with Columbia University's Lamont-Doherty Earth Observatory. Each fall, environmental educators team with school classes to collect data that will create an ecological snapshot of the estuary from the Federal Dam in Troy to New York Harbor. This year's event will take place at approximately 80+ sites throughout the estuary. For more information, visit www.dec.ny.gov/lands/47285.html.

US SENATOR Charles E. Schumer

As summer comes to a close

and we begin to revel in the autumn

colors, foliage and overall majesty that amplify the beauty of the Hudson Valley, we are also reminded of the history and heritage that have brought us here today. We are so lucky to have an immense amount of natural beauty and cultural significance surrounding us here in the Hudson River Valley, and it must be celebrated. Over the years, I have worked to develop new opportunities along the Hudson River for residents and tourists alike. Whether it be the Walkway Over the Hudson, a bike path from Cold Spring to Beacon, or sustainable waterfront development, the time is now to harness the power of the Hudson River. The Hudson River Valley Ramble is yet another opportunity to bring tourists to the region, offer exciting events for our neighbors, and showcase everything the river and region have to offer. I will continue to work on preserving and promoting this event and the Hudson River. Thank you to everyone at the Hudson River Valley Greenway who worked so hard to put this together and to all of those who attended the events."

If you have any questions or concerns

about accessibility at this event, please

US SENATOR Kirsten Gillibrand

I am proud to call the Hudson River Valley my home. This

region is one of our country's great treasures, where families from across New York, all 50 states, and around the world can come explore, relax, and enjoy the endless recreation the area has to offer. The Hudson River Valley Ramble is a wonderful tradition that honors this beautiful part of our state and our shared heritage as New Yorkers. The Hudson River Valley fuels our state's economy with good-paying jobs and year-round tourism, and I will always work to preserve the beauty and tradition of our home."

9|1 9|22 5:00PM

Olana State Historic Site 5720 NY-9G, Hudson 12534 (518) 828-1872

visitorservices@olana.org

Artists offer a unique lens with which to "read" an artist's home and landscape. This season TOP partners with the Institute for Arab and Islamic Art in NYC to bring a dynamic mix of contemporary artists to Olana to layer their perceptions of Middle Eastern influences in Church's home of American landscape painting. During this series, artists use many disciplines and "poetic license" to talk about Olana and the exhibition "Costumes & Customs" with concepts and connections that are unique to the guide. This is not a traditional house tour! Artist-led tours are accompanied by TOP's director of education and end with a glass of wine and a snack on the piazza near sunset.

Registration: Night before deadline, 11:59PM **Fee:** Member \$10. Non-Member \$15.

Not suitable for children under: 10

Portion wheelchair accessible: No lift to the second floor of the estate.

eric_schnitzer@nps.gov

Come help us commemorate the 241st anniversary of the Battle of Saratoga! This year's event theme will be "Civilians in the Camp." Our focus will be on the non-combatants, such as the camp followers (wives and whole families of the soldiers) and the sutlers (army-approved merchants) in both American and British armies, as well as the "Albanians," British loyalist refugees from Albany, and on boatmen, pioneers, and carters (wagon and cart drivers) with the British army. There will of course also be soldiers in both camps: Colonel Thomas Marshall's Continental Regiment for the American side, and the 62nd Regiment of Foot for the British side.

Fee: Battlefield entrance fees apply: \$5 per car. \$3 per adult (hike, bike, horseback). \$10 for annual pass.

Not suitable for children under: 3

Additional equipment: No food services are available, though bookstore has snacks and bottled water. Dress for the weather. Bring sunscreen and insect repellent. Bicyclists must wear helmets.

Additional activities: While there will be American and British soldiers, musket firing will be at a minimum, and there is no cannon firing scheduled. Programming will offer a special "behind the scenes" view of life within the American and British camps here at the Battle of Saratoga: cooking, laundry, sutlery, boatmen (British navy forces here), pioneers (wilderness travel), and carters (transporting equipment).

It's that time of year, when birds are on the move. Come along on an early morning adventure to observe some of the amazing birds here and see our science team in action as they capture and band birds! They are working together to learn more about birds migrating through the Pine Bush. There will be a short inside presentation followed by an outside observation period, and then back indoors for hands-on activities. The indoor portion will occur rain or shine. Children under 18 must be accompanied by an adult. Reservations required.

Notes: The trail passes over rolling sand dunes with occasional tree roots.

Registration: Make reservations by phone or visit www.albanypinebush.org/events.

Difficulty: Moderate Length: 1 mile Duration: 3 hours

Not suitable for children under: 10

179. Brilliant and Bristly Buckmoths 230 1:00PM

Albany Pine Bush Preserve Discovery Center 195 New Karner Road, Albany 12205 (518) 456-0655

info@albanypinebush.org

Join us for a hike to discover the amazing world of buckmoths. The inland barrens buckmoth is a large, beautiful moth with bold black and white wings that flies for only a brief window of time during daylight in the early fall. A species of special concern in New York State, our local buckmoths depend on scrub oaks that thrive in this sandy, fire-dependent ecosystem. Children under 18 must be accompanied by an adult. Reservations required.

Notes: The trail passes over rolling sand dunes with occasional tree roots.

Registration: Make reservations by phone or visit www.albanypinebush.org/events.

Difficulty: Moderate Length: 0.9 miles Duration: 1.5 hours Not suitable for children under: 6

183. Skywalk Arts Festival

9E0 12:00PM to 4:00PM Rip Van Winkle Bridge 99 NY-23, Catskill 12414 (518) 943-2360

csteber@nvsba.nv.gov

Celebrate the art of the Hudson Valley and the Hudson River Skywalk pedestrian crossing, which will eventually connect the homes of master painters Thomas Cole and Frederic Church. Come to the park next to the Rip Van Winkle Bridge's toll plaza in Catskill to view and buy artwork, observe plein air painters along the Skywalk, participate in hands-on art lessons, and hear live music, all in a beautiful setting overlooking the Hudson. This event will be taking place at the same time as other events at the Thomas Cole National Historic Site and Olana State Historic Site. Signs will be set up to direct pedestrians between the bridge and the Thomas Cole site, which is a short walk away. Motorists have to pass through Toll Lane 1 (full service lane) in order to enter the parking lot.

Portion wheelchair accessible: Overall, the event is wheelchair accessible. Doors to the restrooms are heavy and need to be pushed open. A gallery will be open to view which requires going up stairs. Other than that, the event is flat and accessible.
